### **About Palingeo**

*Palingeo is an Italian company based in Carpenedolo, founded in 1999, specialized in the fields of geotechnics, soil consolidation and geognostics. It was born from the experience of professionals in the sector and has established itself as an Italian leader, offering services such as soil consolidation and waterproofing, foundation engineering, and land reorganization. The company operates on commission for private individuals and public bodies, acquiring projects through subcontracts or participating directly in calls for tenders, even in temporary association with other operators. Its presence extends throughout the country, with four local units distributed between the provinces of Brescia, Mantua and Messina. Palingeo holds the main quality certifications in the sector and focuses on construction specialized in the foundation sector, offering geological and infrastructural services. The Company is active in the public construction sector, basing its business model on the research, awarding and implementation of contracts through direct or indirect channels. To improve production efficiency, Palingeo has adopted Industry 4.0 technologies on construction sites, allowing remote connection with the Technical Office through dedicated applications and specific portals. The Company is oriented towards technological development to optimize production processes and ensure a high level of professionalism in the services offered.*
